

It's Your World, Let's Get Started

CORPORATE OVERVIEW

www.idrilservices.com

Whether it's people, hardware or application software, we make technology work for our clients.

We partner with industry leaders to deliver the hardware, applications and expertise to advance business through the intelligent application of technology.

IDRIL IS...

Where IT's Get Started

IDRIL provides the tools and services that can help our clients **capitalize on Information Technology (IT)**. By bringing systems, software, services, and solutions together, we can work with you to put a complete IT infrastructure to work for your business.

IDRIL help customers design, build, and manage intelligent, flexible, and secure information technology environments. These environments are the foundations on which organizations can implement information lifecycle strategies, secure critical information assets, leverage content for competitive advantage, automating operations, reduce costs, and much more.

IDRIL has successfully delivered over 100 engagements over the past 4+ years. Our success comes from understanding our clients' goals and ensuring we provide the right resources. With access to over 2000 qualified IT Professionals, our team of business and technology consultants brings a wide variety of knowledge and skills combined with functional and technical expertise to serve the high-demand staffing planning needs of our clients.

IDRIL is driven by a passion to help our clients build stronger, agile and innovative businesses.

IDRIL SERVICES CORPORATION: AT A GLANCE

- Certified Women, Minority Owned Business and 8(a) Certified
- Founded in 2010
- Headquartered in Atlanta, Georgia
- Primary Offices in Alpharetta, GA and New Jersey
- Over 50 years of IT Training, Development and Solutions Management Experience

HIGHLY SKILLED, CERTIFIED RESOURCES

We work with organizations in every industry, in the public and private sectors, and of every size, from start-ups to the large enterprises. Our end customers include financial services institutions, manufacturers, retail chain, healthcare organizations, Internet service & Social Media, telecommunications providers, educational institutions, and public-sector agencies.

IDRIL DELIVERY METHODOLOGY

Delivering Quality

IDRIL Delivery Methodology ensures that we consistently deliver quality to our clients within a repeatable, scalable, and efficient model. This methodology has been developed by the proven expertise of the management over the past decade with the best interest in mind of both our consultants and our clients. We have learned that as we have also worked with our clients to work within this process, that the efficiencies that we are able to maintain for our hiring managers are unparalleled in the industry.

IDRIL TRAINING & DEVELOPMENT PROGRAM

A Key To Our Success

IDRIL built a customized training and deployment to train, develop, and certify staff to meet the ongoing IT industry needs and career growth of our resources. IDRIL is dedicated to supporting both our clients and the consultants, who are our team. We will continue improve our support program and strengthen our relationships to create more highly skilled & certified IT Professionals over time.

IDRIL Consulting Services

IDRIL's Consulting Services allows our clients to better support their clients, products, and their own Professional Services organizations. IDRIL's team of professionals can be deployed nationally, on-site or remotely while offering the highest quality of service and expertise.
